

SAI ADITYA PRASAD GARIMELLA

Quality Assurance Engineer

+91 9381736720 sapgarimella@gmail.com linkedin.com/in/sai-aditya-garimella github.com/SaiAditya022 Hyderabad, TG

PROFESSIONAL SUMMARY

Quality Assurance Engineer with proven experience designing comprehensive test cases, detecting critical defects, and validating software behavior across functional and regression testing cycles. Skilled in end-to-end manual testing within Agile environments, collaborating with cross-functional teams to uphold compliance standards and consistently deliver stable, user-ready software products.

EXPERIENCE

QA Engineer 1

Deepta AI

08/2025 - Present Hyderabad, TG

- Analytics Dashboard – Internal BI Tool**
- Validated 6+ business-critical metric categories (funnel conversion, retention curves, MAU, revenue charts) by cross-verifying every data point against backend source systems — ensuring reports surfaced to product and business stakeholders were 100% accurate for release and go-to-market decisions.
- Uncovered critical edge-case defects through boundary and exploratory testing on dashboard filters and date-range logic, preventing misleading insights from reaching stakeholders and ensuring data integrity across every pre-release reporting cycle.
- EduTech CRM – Application Management, Multi Loan Management & LMS Moodle/Canvas)**
- Executed end-to-end validation across 3 integrated modules (Application Management, Multi-Vendor Loan Management, and LMS sync via Moodle & Canvas) — covering the complete student lifecycle from CRM lead capture to enrollment for 10,000+ students annually, validating Razorpay & EaseBuzz payment flows across 15+ transaction scenarios ensuring zero payment reconciliation failures across all transaction types.
- Designed cross-module integration test cases to catch data consistency breaks between systems, verified multi-vendor fee disbursement, repayment reconciliation, and LMS grade/access sync across 5+ checkpoints per student record — preventing critical data loss before every production release

Associate Quality Assurance Engineer

Apxor

01/2025 - 08/2025 Hyderabad, TG

- Multi-Vendor Loan Management System - FinTech Product
- Tested the complete loan journey across three user roles (applicant, college admin, vendor) — covering eligibility logic, multi-vendor routing, role-based access flows, and real-time status transitions — and spearheaded 15 regression suites targeting high-risk modules, resulting in a 40% reduction in critical bug escapes into production.
- Led UAT across more than three release cycles, coordinating with business stakeholders to validate feature compliance, resolved over 20 user-reported issues pre-release, and eliminated mid-funnel dead-end flows through systematic edge case and state-transition testing.
- Question & Answer Platform – EdTech /Community (Quora-style)
- Validated Truecaller + Google OAuth onboarding across 5+ device and network conditions, tested 8+ core Q&A workflows (post, answer, vote, tag, follow, feed relevance) covering both functional and failure-state scenarios — improving defect detection rate by 30% through collaborative test case reviews with dev teams.
- Delivered 15 regression suites across auth, content, and feed modules with full edge case coverage, achieving a 40% reduction in production bug escapes and ensuring platform stability across varied network and device conditions.

SKILLS

Manual Testing

Test case development and maintenance, UI/UX Testing, Software testing, Bug reporting, Mobile testing, Regression testing, User acceptance testing, Payment Gateway Testing, CRM, End-to-End Testing, Web Platform Testing, Data Integrity, Integration Testing, Functional Testing, Exploratory Testing, Smoke Testing, Sanity Testing, User Acceptance Testing, API Testing.

Tools

Github, Gitlab, Postman, Jira, Chatgpt, Claude, Gemini, Testrail, Lambdatest

Soft Skills

Cross-functional Collaboration, Root Cause Analysis, Agile Testing, Clear Communication

EDUCATION

B.Tech in Computer Science

GNI

2021 - 2025 Hyderabad, TG

GPA

7.63 / 10

Intermediate in MPC

Narayana Junior College

2019 - 2021 Hyderabad, TG

GPA

8.4 / 10
